

New Patient Packet

Thank you for making your first appointment with AllerVie Health!

AllerVie Health and our Board-Certified Allergists and Immunologists are committed to helping patients achieve and maintain optimal health and quality of life -- free from the symptoms and suffering of allergies, asthma, and related immunological conditions.

Please complete the new patient packet following this letter, and bring it along with your insurance and driver's license to your first appointment. Please keep in mind that your first appointment can be lengthy due to the extensive information you will be provided to assist you in managing your continued good health.

Here are a few things to know for your first appointment:

- **Discontinue all Antihistamines FIVE days prior to your appointment.** Common medications containing Antihistamines are Benadryl, Triaminic, cough and cold medicines. Do not stop taking Singulair or asthma inhalers. For a complete list, visit allervie.com and click on **For Patients**.
- Please wear clothing that will allow allergy testing with ease. A two piece outfit, ex., shirt and pants work best.
- We love children! However, if you are being allergy tested you will need to remain stationary and it will be difficult to keep an eye on small children.
- We have Wi-Fi available in most locations for your convenience.
- Your visit as a new patient can last up to a few hours depending on testing needs. Please be prepared to stay at our office for the duration of your visit.
- **Remember that in order to be tested on the day of your initial visit you will need to discontinue certain medications five days prior to your appointment.** If you are concerned or have questions about which medications to discontinue, please do not hesitate to call our office.

Should you need to cancel or reschedule your appointment, please contact our office 24 hours before your appointment to avoid any cancellation fees, up to \$50.

We look forward to serving you and helping you find relief from your allergy symptoms!

Sincerely,
The AllerVie Health Team

I have the right to revoke this consent, in writing, at any time, except to the extent that AllerVie Health or Healthcare Providers of AllerVie Health have taken action in reliance on this consent prior to my withdrawal.

“Protected Health Information” means health information, including demographic information, collected, created, or received by my healthcare provider, another healthcare provider, a health plan, my employer, or a healthcare clearinghouse. Payment Policy

ALL DEDUCTIBLES, CO-PAYMENTS, AND CO-INSURANCE ARE DUE AT THE TIME OF SERVICE

Proof of Insurance/Claims Submission: AllerVie Health must obtain a copy of a patient's driver's license and current valid insurance to provide proof of insurance. We participate with most insurance plans and will bill your insurance company as a courtesy to you. Although we may estimate what your insurance company may pay, it is the insurance company that makes the final determination of your eligibility. We will submit your claims and assist you in any way we reasonably can to help get your claims paid. Your insurance company may need you to supply certain information directly. It is your responsibility to comply with your insurance company's requests. If you fail to provide us with the correct insurance information in a timely manner, you may be responsible for the balance of a claim. Please be aware that the balance of your claim is your responsibility whether or not your insurance company pays your claim. Your insurance benefit is a contract between you and your insurance company so any issues with denial should be directly addressed with your insurance company.

Referrals: If you have an insurance plan with which AllerVie Health is contracted, you may need a referral authorization from your primary care physician/pediatrician. Please ensure all required referrals are sent to AllerVie at a minimum of 24 hours prior to your visit. ***If we have not received a referral at least 24 hours prior to your arrival at the office, your appointment may be rescheduled.***

Labs: All lab work is performed by outside reference labs. AllerVie Health does not verify benefits and coverage on lab services. Patients will receive a bill directly from the lab regarding any balances after insurance is filed. Please reach out to the lab and/or your insurance company for billing issues and/or questions related to lab billing.

Co-payments and Deductibles: All co-payments, deductibles, balances, and co-insurance must be paid at the time of service. This arrangement is part of your contract with your insurance company.

Coverage Changes: If your insurance changes, please notify us before your next visit so we can make the appropriate changes to help you receive your maximum benefits.

Methods of Payment: AllerVie Health accepts payment by cash, check, Visa, MasterCard, American Express, and Discover.

Patient Statements: If you have an unpaid balance, you will receive a statement by mail or email monthly. The statement amount is due and payable when the statement is issued, and past due if not paid upon receipt. Balances over 90 days will be turned over to an attorney or collection agency for collections. All payments made go to the oldest outstanding balance.

Self Pay: We accept self-pay for our services at select AllerVie locations. If you are uninsured or wish to self-pay for our services, we will also provide financial counseling for you at your appointment. Payment is due in full at the time of service.

No Show Fee: Should you need to cancel or reschedule your appointment, please contact our office at least 24 hours before your appointment to avoid any cancellation fees, up to \$50.

By accepting the terms outlined above I understand that all bills are payable upon presentation, and that I, not the insurance company, is ultimately responsible for payment of the services.

Signature and Acceptance

I understand that selecting Agree and entering name/initials via portal, or signature below constitutes a legal signature confirming that I acknowledge and agree to the above policies set forth by AllerVie Health.

PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy Practices ("Notice") is provided in compliance with the Standards for Privacy of Individually Identifiable Health Information (the "Privacy Standards") set forth by the U.S. Department of Health and Human Services ("HHS") pursuant to the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA"). AllerVie Health, including its affiliates, (herein referred to as the "Practice") is required by law to take reasonable steps to ensure the privacy of your medical information, as defined below.

As used in this Notice, medical information refers to your "Protected Health Information," which includes all "Individually Identifiable Health Information" transmitted or maintained by the Practice, regardless of form (oral, written or electronic). The term "Individually Identifiable Health Information" means information that:

- Is created or received by a health care provider, health plan, employer or health care clearinghouse;
- Relates to the past, present or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present or future payment for the provision of health care to an individual; and

Other ways we may use or disclose your medical information include: appointment reminders; as required by law; for health-related benefits and services; to individuals involved in your care or payment for your care; research; to avert a serious threat to health or safety; and for treatment alternatives. However, all of the ways we are permitted to use and disclose information will fall within one of the categories. We must obtain your authorization before the use and disclosure of any psychotherapy notes, uses and disclosures of PHI for marketing purposes, and disclosures that constitute a sale of PHI. Uses and disclosures not described in this Notice will be made only with authorization from the individual.

For Payment. We may use and disclose medical information about you so that the treatment and services you receive at the Practice may be billed to and payment may be collected from you, an insurance company or a third party. For example: we may disclose your record to an insurance company, so that we can be paid for treating you. We may also disclose your medical information to your health insurance plan to permit it to make a determination of eligibility or coverage for insurance benefits, to review the services we provided to you for medical necessity, and to perform utilization review activities. We may also disclose medical information about you to the responsible party of your account. If you are listed as a dependent on another person's insurance policy, financial information regarding medical care provided may be mailed to that responsible party. In addition, if you do not timely pay us for the health care services we provided to you, we may also disclose limited medical information to a collection agency. To Your Personal Representatives and Family Members. We may disclose your medical information to your personal representatives that are appointed by you or authorized by applicable law. We may disclose your medical information to a family member, friend or other person that you indicate is involved in your care or the payment for your health care, unless you object in whole or in part. In an emergency situation and if you are incapacitated, you will be given the opportunity to agree or object when it becomes practicable.

We will not use or disclose your medical information for any other purpose unless you give us written authorization to do so. If you give us written authorization to use or disclose your medical information for a purpose that is not described in this Notice, then, in most cases, you may revoke it in writing at any time.

Your revocation will be effective for all your medical information that we maintain, unless we have taken action in reliance on your authorization.

Below are some of the circumstances when we may use and disclose your medical information only with your authorization:
