

We're Moving Soon, but We're Not Going Far!

We're excited to share that our Savannah clinic is moving to a new location this Fall.

The good news? We're not going far! Our new clinic will be just a short drive from our current location, conveniently located in Savannah's Southside area near Oglethorpe Mall.

For now, there's no change. We don't have an official move date yet!

We'll continue seeing you in our current location (5223 Paulsen Street) until we nail down a firm move date, which we anticipate taking place in early October.

Any appointments scheduled on or after the future move will take place at our new Hodgson Memorial Drive location at:

7130 Hodgson Memorial Drive, Suite 102
Savannah, GA 31406

Even though our address is changing, you can still count on receiving the same personalized allergy and asthma care from **Thomas G. Westbrook, MD, LeeAnn Ryle, FNP-BC**, and the rest of our Savannah care team.

Whether you're working toward easier mornings, more comfortable days outside, better sleep, or simply fewer allergy and asthma symptoms getting in the way, we look forward to continuing to help you feel your best from our new home.

Thank you for trusting us with your care. **We can't wait to welcome you to our new space this Fall!**

Sincerely,

Your AllerVie Health Savannah Team

Important Patient Notice:

You always have the right to see any provider of your choice, and we are here to assist you as best we can during this time. If you need to reschedule or make changes to your appointment, please call your local clinic directly. If you would like to transfer your records to another practice outside of our practice, we will work with you to transfer your medical records to the physician of your choice, to you personally, or to your legally authorized representative. To request a transfer of your records, please contact our clinic directly so we can initiate this process. You can also download this [medical records release](#) and fax your completed request to us at 912.303.9356 (Savannah). If you do not seek to have your records returned to you or transferred to another provider of your choice, your records will be maintained at the current clinic location and retained in accordance with record retention requirements under state law.
