

## Important Patient Care Update: AllerVie Health – Dundalk is Permanently Closing in April 2026

### *Transition Care by April 30, 2026*

We're writing with an important update about your allergy and asthma care with the following providers: Rashidat Laiyemo, NP. **Due to unforeseen circumstances, AllerVie Health has made the difficult decision to permanently close our clinic in Dundalk on April 30, 2026.**

**A decision like this is always a last resort, considered only after we've explored every possible avenue to ensure continuity of care.** We would have loved to continue providing care in your community; however, despite our best efforts to maintain services, we're unable to sustain clinic operations.

While this was an extremely difficult decision, **our priority remains to support you through this change** and ensuring you have seamless transition of care to another provider in the area.

#### **How This Will Impact You:**

- **Effective April 30, we will be discontinuing the following services:**
  - New patient visits
  - Ongoing follow-up visits and care for your diagnosis
  - Existing appointments will be cancelled
  - Biologics or specialty pharmacy drug administration
  - Allergy immunotherapy injections (allergy shots)
- **Recommendations for Continuing Care**
  - You'll need to **establish care with another allergy specialist** as soon as possible to avoid interruption in treatment.
  - If you'd like to stay with AllerVie Health:
    - Our closest locations are in Towson, MD (25 minutes), Pikesville, MD (29 minutes), and Bel Air, MD (31 minutes). All you need to do is let us know you'd like to transition your care, and we'll coordinate the rest.
- **Immunotherapy (Allergy Shots) & Biologic Injection Patients**
  - **Our team will be contacting you** to help you navigate this transition.
  - **If you would like to transfer your allergy or biologic injections to another practice in the area**, please submit the appropriate transition of care forms listed below and pick your serums/vials up from the clinic by **April 30, 2026**.
    - These forms can be downloaded from [allervie.com](http://allervie.com) in the "patient resources" section:
      - [IT/Shot Transfer Form](#) and [Biologics Transfer Form](#) (Within AllerVie Health Network)
      - [IT/Shot Transfer Form](#) and [Biologics Transfer Form](#) (Outside Providers)
    - Fax your completed request to our office at 443.503.5894 or email the forms to [doliver@allervie.com](mailto:doliver@allervie.com). You can also drop the forms off during business hours.
  - **Picking Up Serums/Vials**
    - **Prior to April 30, 2026:** Once you've completed and sent us your transition of care forms, you'll need to pick up your serums/vials from the clinic during normal business hours.

- **After April 30, 2026:** All remaining serums/vials will be transferred to **AllerVie Health – Bel Air MD** and maintained in accordance with proper safety guidelines.
- **Medical Records**
  - **Prior to April 30th, to request a transfer of your records** to the physician of your choice, to you personally, or to your legally authorized representative, please [download this medical records release](#) and fax your completed request to our office at 443.503.5894. You may also email the request to [doliver@allervie.com](mailto:doliver@allervie.com).
    - *Our typical turnaround time for records requests is usually around 72 business hours; however, due to the anticipated high volume of requests, completion times may vary. We appreciate your patience as we work to process all requests as quickly as possible.*
  - **After April 30th, your medical records will be maintained by AllerVie Health and remain available to you upon request from our Bel Air clinic.**
    - **AllerVie Health – Bel air**  
208-B Plumtree Rd., Bel Air, MD, 21015  
P: 410.638.1999 | F: 410.638.6355
  - Rest assured of the following:
    - Records will be retained in accordance with record retention requirements under state law. Please note that there may be a transition period during which files are not readily accessible as the medical records are transferred for long-term maintenance.
    - Additionally, in accordance with applicable state law, there may be a nominal fee charged for the transfer of records.
    - We will coordinate with our local staff to provide you with your medical records in a HIPAA-compliant manner. More information will be shared with you on this process.

We appreciate your trust in us and thank you for allowing us to be part of your healthcare journey. If you have questions about any of this information, **please contact us prior to April 30.**

Sincerely,

AllerVie Health

Alexa Anderson, *Regional VP of Northern Operation*
